

# Turkey Trouble

By Wendi Silvano

**Spy Math!**

After you read the book, go back through the pages to find your answers.

Horse: Choose one smiling horse.

How many upper teeth does the horse have?

How many lower teeth does the horse have?

Does the horse have more upper teeth or lower teeth?

Cow: Find the page with the most cows.

How many pairs of eyes do the cows have?

Pig: Find the page with pigs and the trees.

How many pigs have their eyes open?

How many pigs have their eyes closed?

How many pigs can you not see their eyes?

How many pigs are there in all?

Sheep: Find the page with the most sheep.

How many sheep are wearing bells?

Who else is wearing a bell?

How many fingers are on Turkey's Rooster costume?
